Everest Metal Industries, Inc

238 Andover St., Wilmington
978/694-8989

Everest Reaches New Heights

Everest Metals Industries, Inc. a local metal distributor in Wilmington, MA has done something most new businesses have not; not only succeeded but thrived in this economy. Started in 2008, Dan Lynch who has over 27 years of knowledge in the industry has set himself some pretty high goals. His vision of Everest Metals has been quite an undertaking, but he has somehow managed to make it work. He has the best people in the business working with him and treats them all like family and that is who he credits for its success. "I couldn't have done this alone; we are a team, Team Everest."

At Everest Metals Industries, Inc. (EMI) there is more than 60 years of combined knowledge of the metal industry. "We meet the needs of our customers through competitive pricing and the exceptional customer care. We are partnered with sources from around the world, enabling us to provide our customers a competitive price with global resources. Full accountability, competitive pricing and on time deliveries

are the cornerstones of what makes our business thrive" says Dan, "Whether it is one piece or a whole truck load, you can be sure it is done right and delivered on time."

The saw department's extensive experience in cutting allows them to precision cut to all shapes and sizes including plate, tube, pipe, sheet, rod, bars and more. "We can meet all of your cutting requirements and accommodate special packaging requirements on

request" says John Gilligan, Operations Manager of Everest Metals.

Specializing in aluminum, brass, copper, stainless, tubing, pipe and rods, Everest Metals is a local company, with global resources. "Getting our customers what they need, when they need it is our priority. Giving them the personal attention they deserve is our obligation."
